

“HEART AND SOUL”

“.....Everyday cancer patients and families show tremendous **courage** in fighting **BRAVE** battles against cancer. And more and more patients are **winning** this battle.

Cancer patients are our **EVERY DAY HEROES**. Each of you have done a

REMARKABLE job in fighting battle against cancer and your story is no less important than any other. You decided **to take charge**...you decided to **be positive**....you decided **not** to be a statistics..... You dared to **DREAM** of a day when you are cancer free ...and as a result you are here **TODAY**.... **celebrating** ...showing others the **way** ... teaching others to

DREAM same way...

On survivor's day, we **honor** your **efforts, achievements**, your

courage and we celebrate your **life.** 

Each one of you show us every day that power to overcome any adversity in life, comes from your

heart and soul. You show optimism in the face of difficulties.

Your **determination** to fight and your **persistence** is an inspiration to all of us who care for you. Working together, we can reach new heights. Fighting together, we can win more battles. And some day we plan to win the war on cancer...

You have touched many lives... you have **inspired** many.....more lives than you know. And you have potential to inspire more.....Go ahead and tell your inspiring story to others...to encourage others not to give up too easily...to fight a brave battle...just like you did...give hope to others..... You are all our unsung heroes..... This is a day to remind all of you of that fact.
